

Live a little greener @ MIT: the essentials

a guide brought to you by *Share A Vital Earth (SAVE)*

PRINTING see web.mit.edu/printing for lots more information

Print Double-sided:

It's easy!! Go to the *File* menu, *Print* and then:

Open Office & Star Office: In "Properties", select "long edge"

Adobe Reader: Type the command line: `lpr -Pprintername2`

Firefox: Select "PostScript/duplex" from drop-down menu

Essential Athena Prompt Commands:

No header page: add `-h`

Check the queue: type `lpq`

Cancel your print jobs: type `lprm`

Make no header page & double sided printing your default:

Type this one-line Athena command:

```
echo setenv LPROPT -hZduplex >> ~/.environment
```

see web.mit.edu/printing for information on how this works

RECYCLING web.mit.edu/facilities/environmental/recycling.html

The basics: bins available all around campus and in dorms:

Paper: all kinds. If you can rip it, you can recycle it.

Commingles: glass, all plastics, aluminum & steel cans, waxed juice cartons

Other items: visit the facilities website (address above) to find out how to recycle phone books, old cell phones, CDs, batteries, monitors, etc.

GENERATOR <http://sustainability.mit.edu/Generator>

Come to the **Generator** kick-off event & get plugged in to campus energy and environment activities—including many of the groups in this booklet.

Sept 27th from 6:30-9pm in the Stata Center 32-123

Printed on 100% re-used Athena paper
