mark: Training — move off old painful process of Internal Provider after to JV pre-billing

anna: (TEMP Excel) — off of paper — to — Quentin to more efficient process

chuck: (RT) — database-driven billing driving process w/ billing as a side-effect on a weekly cycle. Huge volume of individual files.

jeff: (QB) — very time-consuming; 80 JVs per quarter (QBooks report to JV)

cynthia (RT) — "smart" spreadsheet export from RT to JV (smart spreadsheet)

anna — why can't I do my own JV upload?
others — why would we want to?

groups: need a one-to-one correspondence between billable event & payment
rashard — end of month tabulation of waiting charges
