12031 MANTLE, Spherical - Glas-Col

Keyword/Part #:

Other Manufacturer's Part#:

Technical Question? 1-800-223-4524

Category:

Fabric mantle, adaptable to unusual shapes and sizes, will withstand 450 degrees C. Separable 3-foot cord for 5mL, 10mL, and 25mL; 4-foot cord for all other sizes, all with 2-wire cord and locking connector. All items are CSA certified. Required support found in Ace product families 12095 & 12096. NOTE: 50ml thru 500ml sizes (codes -05 thru -17) do not have heated tops, therefore they have no upper power cord.
