Every space as its own set of permissions. Permissions are determined by the space administrator and can be set on an individual or group basis. There are several different types and levels of permissions:

Create | Export | Restrict | Remove | Admin
The **View** permission allows a user or group to view the spaces content.

You can batch set or unset permissions per user or group by clicking the dropdown menu under the 'Actions' header.

### Accessing the 'Edit Permissions' Page

1. Go to the dropdown menu on the top navigation bar,
2. Click 'Space Admin' tab and hit the Permissions link.
3. The 'Edit Permissions' page will appear.
